

CURRICULUM VITAE

Dmitri A. Jdanov

Max Planck Institute for Demographic Research
Konrad-Zuse-Straße, 1, D-18057 Rostock, Germany
Phone: (+49) 381 2081 246
Fax: (+49) 381 2081 546
E-mail: Jdanov@demogr.mpg.de

ResearcherID: F-9425-2014
ORCID: 0000-0003-4633-2011

JOB QUALIFICATION

Expertise in: demographic and epidemiological analyses at macro- and micro-levels; quality of demographic data; demographic and medical statistics; analyses of event histories; data processing and database management; teaching demographic methods in public health; co-ordination of research activities and projects. Rich experience in probability theory and mathematical modeling.

PROFESSIONAL EXPERIENCE

- Since 2017 **Head of the Laboratory of Demographic Data**, Max Planck Institute for Demographic Research (Germany)
- Since 2017 **Chief Research Fellow**, International Laboratory Population and Health at Research University Higher School of Economics, Moscow (Russia)
- 2002-2017 *Research Scientist (tenured since 01.06.2005)*, the Laboratory of Demographic Data, Max Planck Institute for Demographic Research
- 2011-2016 *Deputy Director of the Center for Demographic Research*, the New Economic School, Moscow (Russia)
- 2000-2002 *Post-Doctoral Fellow*, the Data Laboratory, Max Planck Institute for Demographic Research.
- 1999-2000 *Guest Researcher*, Laboratory of Advanced Statistical Methods, Max Planck Institute for Demographic Research
- 1998-2001 *Assistant Professor*, Department of Applied Mathematics, Ulyanovsk State University
- 1996-2000 *Programmer*, Department of Applied Mathematics, Ulyanovsk State University
- 1995-1998 *Assistant Professor (half time)*, Department of Applied Mathematics, Ulyanovsk State University
- 1998 *Chief Programmer / Designer*, the newspaper "Vestnik" (Ulyanovsk)
- 1992-1995 *Programmer*, Laboratory of Program System, Moscow State University (Branch in Ulyanovsk, Department of Mechanics and Mathematics)

SELECTED KEY PROJECTS

- Since 2015 Human Cause-of-Death Database (www.causesofdeath.org), Director
- Since 2009 Human Fertility Collection (www.fertilitydata.org), Co-Director
- Since 2009 Human Fertility Database (www.humanfertility.org), principal research scientist, since 2018 - Director
- Since 2000 Human Mortality Database (www.mortality.org), head of MPIDR team
- Since 2000 Human Life-Table Database (www.lifetable.de), member of core team, since 2017 – Director
- 2000-2017 Kannisto-Thatcher Database on Old Age Mortality, database manager and principal researcher
- 2013-2016 AXA Research grant “Mortality Divergence in Causes of Death”, investigator
- 2013-2016 The ANR–DFG (French–German) project “From Disparities in Mortality trends to Future Health Challenges”, investigator
- 2006-2012 The NIA project “Biodemography of Disease and Death in Moscow”, participant
- 2008-2010 The ANR–DFG (French–German) project “European Divergence and Convergence in Causes of Death”, participant
- 1999-2000 RFBR (The Russian Foundation for Basic Research) grant for “Investigation of the asymptotic behaviour of the distributions of normalised processes and random walks in random environments”, investigator
- 1998-1998 RFH (Russian Foundation for the Humanities) grant for “Applications in Financial Mathematics”, investigator
- 1997-1998 RFBR (Russian Foundation for Basic Research) grant for “Martingale methods of investigation of random walks in random environments and their application for modeling”, investigator
- 1999-2002 International project on “Stress and Aging”, investigator
- 1998-2001 International project on “Metabolic Rate and Aging in Insects”, investigator
- 1998-2001 International project on “Metabolic Rate and Human Aging”, investigator
- 1998-2001 International project on “Stress, Heterogeneity and Hormesis”, investigator

Full list of current scientific projects is available at

https://www.demogr.mpg.de/en/about_us_6113/staff_directory_1899/dmitri_a_jdanov_516/

GRANTS AND FUNFINGS

- 2018 – 2019 Project: new opportunities for the Human Mortality Database. Max Planck Society. PI
- 2017 – 2022 Project for establishing International Laboratory for Population and Health. Higher School of Economics within the framework of the the

- Russian Academic Excellence programme “5-100”. Co-aplicant
- 2016-2018 Forecasting of cohort life expectancy in Germany. Gesamtverband der Deutschen Versicherungswirtschaft. PI
- 2011-2016 Project for establishing a modern demographic laboratory in Russia. Dynasty Foundation (Russia). Co-aplicant

EDUCATION

- 1999 *Kandidat Nauk* in Mathematical Cybernetics (Candidate of Sciences, Russian post-graduate scientific degree, equivalent to Ph.D.), Ulyanovsk State University, Russia.
DISSERTATION: Martingale models of random walk in random environments.
- 1995 Master of Sciences, Applied Mathematics, Moscow State University (Ulyanovsk Branch), Russia
DISSERTATION: Limit theorems for random walks.

OTHER QUALIFICATIONS / ADDITIONAL TRAININGS

- 2017 Appraisal Interview Workshop by Daniel Mertens
- 2017 Media training by Econnect communication
- 2000-2001 International Max Planck Research School for Demography, courses “Formal Demography” (instructor Prof. J.Vaupel), “Mathematical Modelling of Aging and Mortality” (instructor Prof. A.Yashin), and “Population Forecasting” (instructor Prof. J.Alho).
- 1998 Pedagogical Training for Lecturers (Ulyanovsk State University)

TEACHING

- 2018 HSE-MPIDR Autumn school “Demographic methods in Public Health”
- 2012-2016 “Population and Health” for researchers, university teachers, students at Ph.D. and master levels. A joint course of the International Max Planck School for Demography and the New Economic School
- 2012-2013 “Demography for Bachelor of Economics”, New Economic School
- 2007-2012 “Demographic methods in public health research” at Ph.D.- and master-level students, instructor. International Max Planck Research School for Demography.
- 1998-2001 Undergraduate courses at Ulyanovsk State University: Probability Theory and Mathematical Statistics, Theory of stochastic processes, Statistical Analysis, Limit theorems for semimartingales, Mathematical methods in Psychology
- 1996-1999 Mathematics for non-mathematicians (Ulyanovsk State University)

EDITORIAL AND REVIEW ACTIVITIES

Reviewer of manuscripts for *European Journal of Population*, *International Journal of*

Epidemiology, Demographic Research, Genus, Chronobiology International, Vienna Demographic Yearbook, European Journal of Population Health, Demography, Social Science and Medicine, Population Studies, BMC

Reviewer of the publication by the *Statistics New Zealand* on "A History of Survival in New Zealand: Cohort life tables 1876-2004."

Member of Editorial board of *proceedings of the Conference "Problems of University Pedagogic at the Beginning of XXI Century"* (2000) (In Russian)

The *Research Council of Norway*: expert panellist evaluating applications for research infrastructures within social sciences (2019)

The *Dutch Research Council for Scientific Research*: reviewer, VENI 2020 program.

ORGANIZATION OF CONFERENCES

The 1st HMD Symposium (Rostock, 2004), HFD Side meeting at PAA2015 (San Diego, 2015), HMD side meeting at PAA2016 (Washington, 2016), HFD Symposiums (Rostock, 2011, Berlin, 2016 and Vienna, 2018), the 4th and 5th HMD symposiums (Berlin, 2017 and 2019)

CONSULTING EXPERIENCE

Eurostat (Population Unit), Federal State Statistical Service (Russia), UN Population Division, member of IPUMS International Advisory Board

PRESENTATIONS

Presentations at major demographic conferences including IUSSP conference (2005, 2009, 2013, 2017), PAA annual meetings (2007, 2009, 2010, 2015, 2018), European Population Conference (2003, 2006, 2010, 2014, 2016, 2018)
