Gender-specific mortality differences by education in Germany and Italy: Indirect orphanhood-based estimates with GGP-data

Roland Rau (Universität Rostock) and Magdalena M. Muszynska (Duke University)

Do socioeconomic mortality differentials still exist at ages 95 and higher? An application of the extinct-cohort method using data for the United States

12:30-14:00 Lunch at MPIDR

14:00-15:30 **Session 2: Fertility and the Family in Italy and Germany I** ^[E]

Chair: Fausta Ongaro (Università di Padova)
Location: Süßmilch Auditorium (R. 057)

Maria Castiglioni (Università di Padova) and Alessandra De Rose (Sapienza)

Recent trends in family and fertility in Italy

Joshua Goldstein and Michaela Kreyenfeld (MPIDR)

Recent trends in order specific fertility dynamics in East and West Germany

15:30-16:00 Coffee Break

16:00-17:30 **Session 3: Fertility and Family Dynamics in Italy and Germany II** ^[E]

Chair: Daniele Vignoli (Università di Firenze)
Location: Süßmilch Auditorium (R. 057)

Johannes Huinink (Universität Bremen)

Studying regional differences of fertility

Marcantonio Caltabiano (Università di Messina), Marzio Barbagli (Università di Bologna)

and Gianpiero Dalla Zuanna (Università di Padova)

Socioeconomic differences in fertility behavior in Italy

17:30-18:00 Coffee Break

18:00 DGD General Assembly
Location: Süßmilch Auditorium

20:00 Dinner at CarLo 615

Thursday, March 4

9:00-11:00

Session 4: Economic Conditions and Fertility ^[E]

Chair: Johannes Huinink (Universität Bremen)

Location: Süßmilch Auditorium (R. 057)

Setsuya Fukuda (MPIDR)

Simultaneous modeling of women's employment, intergenerational living arrangements and childbirth in post-war Japan

Marco Sunder (IWH)

Human capital and fertility in Germany after 1990: Evidence from a multi-spell model

Daniele Vignoli (Università di Firenze), Eleonora Mussino (Sapienza) and Francesca Rinesi (Sapienza)

A home to plan the first child? Fertility intentions and housing conditions in Italy

Francesca Fiori, Ginevra Di Giorgio and Daniele Spizzichino (ISTAT)

Job uncertainty and psychological discomfort: A multilevel analysis on Italian youth population

9:00-11:00

Session 5: Socio-Economic Differences in Mortality Risks I ^[E]

Chair: Jürgen Flöthmann (Universität Bielefeld)

Location: Lexis Conference Room (R. 005)

Eva Kibele (MPIDR)

Socioeconomic mortality differentials among male German pensioners between 1995 and 2004

Alyson van Raalte (MPIDR), Anton E. Kunst (University of Amsterdam) and Johan P. Mackenbach (Erasmus MC, Rotterdam)

The changing impact of education on lifespan variation: Lithuania and Estonia examined during the 1990s

Thomas Salzmann (Universität Rostock)

Determinants of mortality – findings of the Study of Health in Pomerania (SHIP)

Sven Drefahl (Stockholm University)

Socio-economic status triggers mortality differences by marital status and living arrangement

9:00-11:00

Session 6: Determinants of Fertility Dynamics in Germany

Chair: Sabine Bechtold (Statistisches Bundesamt)

Location: Lotka Conference Room (R. 300)

René Thyrian, A. Lange, M-L Lingnau, C. Fusch, W. Hoffmann, M. Zygmunt and J-P. Haas (Universität Greifswald)

Soziodemografie von Erstgebärenden und Mehrfachgebärenden in einer bevölkerungsrepräsentativen Erhebung – Ergebnisse des Survey of Neonates in Pomerania (SNIp)

Wiebke Rösler and Hans Bertram (HU Berlin)

Der zweite demographische Übergang: Seine sozioökonomischen, kulturellen und regionalen Ursachen

Monika Pavetic and Petra Stein (Universität Duisburg-Essen)

Modellierung von generativen Entscheidungen im Paarkontext

Jan Eckhard (Universität Heidelberg)

Lassen sich sozioökonomische Unterschiede der Fertilität auf unterschiedliches Partnerschaftsverhalten zurückführen?

11:00-11:30

Coffee Break

Thursday, March 4

11:30-13:00

Session 7: Fertility of Migrants I ^[E]

Chair: Sonja Haug (Hochschule Regensburg)
Location: Süßmilch Auditorium (R. 057)

Nadja Milewski (Universität Rostock)

Fertility of second-generation migrants of Turkish descent in western Europe

Anna Paterno, Giuseppe Gabrielli and Dionisia Maffioli (Università di Bari)

Family formation and fertility behaviour: The complex case of mixed couples in Italy

Eleonora Mussino (Sapienza), Sabrina Prati (ISTAT) and Salvatore Strozza (Università di Napoli)

Having children in Italy for foreign women: From the construction of new longitudinal data to the analysis of behavior in a short term period

11:30-13:00

Session 8: Socio-Economic Differences in Health Status and Mortality Risks in Germany

Chair: Thomas Salzmann (Universität Rostock)
Location: Lexis Conference Room (R. 005)

Christian Wegner and Julia Schuster (VID)

Die Auswirkung sozialer Unterschiede im Lebenslauf auf den Gesundheitsstatus und die Sterblichkeit 60+- jähriger in Deutschland

Kerstin Schmidtke (FDZ NRW)

Einflüsse auf das Gesundheitsverhalten von Migrantinnen und Migranten:
Eine Analyse mit dem Mikrozensus

Rembrandt Scholz (MPIDR)

Zu den Gründen der unterschiedlichen Lebenserwartung von Männern in Ost- und Westdeutschland

11:30-13:00

Session 9: Determinants of Higher Order Fertility ^[E]

Chair: Harald Michel (IFAD)
Location: Lotka Conference Room (R. 300)

Katharina Maul, Mandy Boehnke and Petra Buhr (Universität Bremen)

Why having a second child? Economic and social factors for family enlargement

Anne Hornung (MPIDR)

Higher-order fertility: A comparison of Germany and France

Laura Cavalli (Università Cattolica del Sacro Cuore di Milano)

What about the intention for a second child? A qualitative analysis of the role of paid and not paid job in a lowest low fertility context

13:00-14:00

Lunch at MPIDR

Thursday, March 4

14:00-16:00

Session 10: Aging and Mortality ^[E]

Chair: Elisabetta Barbi (Sapienza)
Location: Süßmilch Auditorium R. 057)

James Vaupel (MPIDR)
The demography of human ageing

Graziella Caselli (Sapienza) and Marco Marsili (ISTAT)
Adult today and elderly tomorrow: A picture of the Italian longevity

14:00-16:00

Session 11: Fertility of Migrants II

Chair: Frank Swiaczny (BiB)
Location: Lexis Conference Room (R. 005)

Martin Kohls (BAMF), Robert Naderi (BiB) and Susanne Schmid (BAMF)
Migrantinnen zwischen Herkunfts- und Zielland? Eine Analyse der Fertilität von türkischen Migrantinnen in Deutschland

Cornelia Helfferich (Sozialwissenschaftliches FrauenForschungsInstitut Freiburg) and Heike Klindworth (Universität Freiburg)
Fertilitätsverhalten von zugewanderten Frauen mit türkischem und osteuropäischem Migrationshintergrund: das Zusammenwirken von Bildung und Migration, Ergebnisse der BZgA-Städte-Studie „frauen leben 2“

Grit Müller (MPIDR)
Transition to third birth: A Comparison between German and Turkish women in West Germany

14:00-16:00

Session 12: Economic Demography

Chair: Erika Schulz (DIW)
Location: Lotka Conference Room (R. 300)

Jan Goebel und Peter Krause (DIW)
Einkommensungleichheit und Armut in Deutschland

Susanne Elsas (Universität Bamberg)
Die Verteilung des Haushaltseinkommens zwischen Partnern

Erika Schulz (DIW)
Armut - die Betroffenheit der Kinder in Deutschland

14:00-16:00

Session 13: Demographic Methods

Chair: Karla Gärtner (BiB), Uwe Tovote (dmbT)
Ort: Gustav Zeuner Conference Room (R. 200)

Manfred Scharein (BiB)
Analyse und Modellierung zeitabhängiger Parameter von altersspezifischen Häufigkeitsverteilungen für ausgewählte Lebensformen in Deutschland

Bettina Sommer (Statistisches Bundesamt)
Haushaltsvorausberechnungen - Ansatz des Statistischen Bundesamtes

16:00-16:30

Coffee Break

Thursday, March 4

16:30-18:00 **Session 14: Partnership Dynamics and Parenting Practices** ^[E]

Chair: Charlotte Höhn (DGD)
Location: Süßmilch Conference Room (R. 057)

Silvia Meggiolaro and Fausta Ongaro (Università di Padova)
Late maternal age and parenting practices

Angela Coscarelli (Università di Calabria)
Marital instability in Italy: Socio-demographic aspects and possible effects of the offspring

Katja Köppen (MPI)
Marriage and cohabitation in western Germany and France

16:30-18:00 **Session 15: Methods and Data**

Chair: Michaela Kreyenfeld (MPIDR)
Location: Lexis Conference Room (R. 005)

Claudia Oellers (RSWD)
Vorstellung des Rats für Sozial- und Wirtschaftsdaten

Josef Brüderl (Universität Mannheim)
The German Family Panel (pairfam): Design and analytic potential

Ute Budzak and Birgit Steppich (FDZ-RV)
BASiD - Biographiedaten ausgewählter Sozialversicherungsträger in Deutschland:
Inhalte und Anwendungsmöglichkeiten

16:30-18:00 **Session 16: Regional and Cohort Variations in Union Dynamics**

Chair: Hansjörg Bucher (BBR)
Location: Lotka Conference Room (R. 300)

Ingmar Rapp (Universität Heidelberg)
Verändern sich Bildungseinflüsse auf die Ehestabilität im Beziehungsverlauf
und in der Kohortenfolge?

Johannes Stauder (Universität Heidelberg)
Regionale Ungleichheit auf dem Partnermarkt? Makrostrukturelle Rahmenbedingungen der
Partnerwahl in regionaler Perspektive

Frank Heins (IRPPS-CNR)
Changing socio-demographic and regional patterns of living arrangements in Italy

Friday, March 5

9:00-10:30

Session 17: Socio-Economic Differences in Mortality Risks II ^[E]

Chair: Marc Luy (VID)

Location: Süßmilch Auditorium (R. 057)

James W. Vaupel (MPIDR), Zhen Zhang (MPIDR) and Michal Engelman (Johns Hopkins University)

The impact of disparities on the age trajectory of mortality

Laura Palombo (Università di Cassino), Velia Bartoli (Sapienza) and Luca Bartoli (Università di Cassino)

Recent evolution of Italian mortality trends according to the professional and non professional condition

Sunnee Billingsley (University of Stockholm)

Downward mobility and mortality in Russia

10:30-11:00

Coffee Break

11:00-12:00

Session 18: Grand Final ^[E]

Chair: Joshua Goldstein (MPIDR)

Location: Süßmilch Auditorium (R. 057)

Massimo Livi Bacci (Università di Firenze)

The surprises of low fertility

12:00

The Birthday of Demography

Location: Cafeteria

14:00

Departure

City map Rostock
