CALL FOR ABSTRACTS AT THE MPIDR

Meeting on December 15-16, 2022

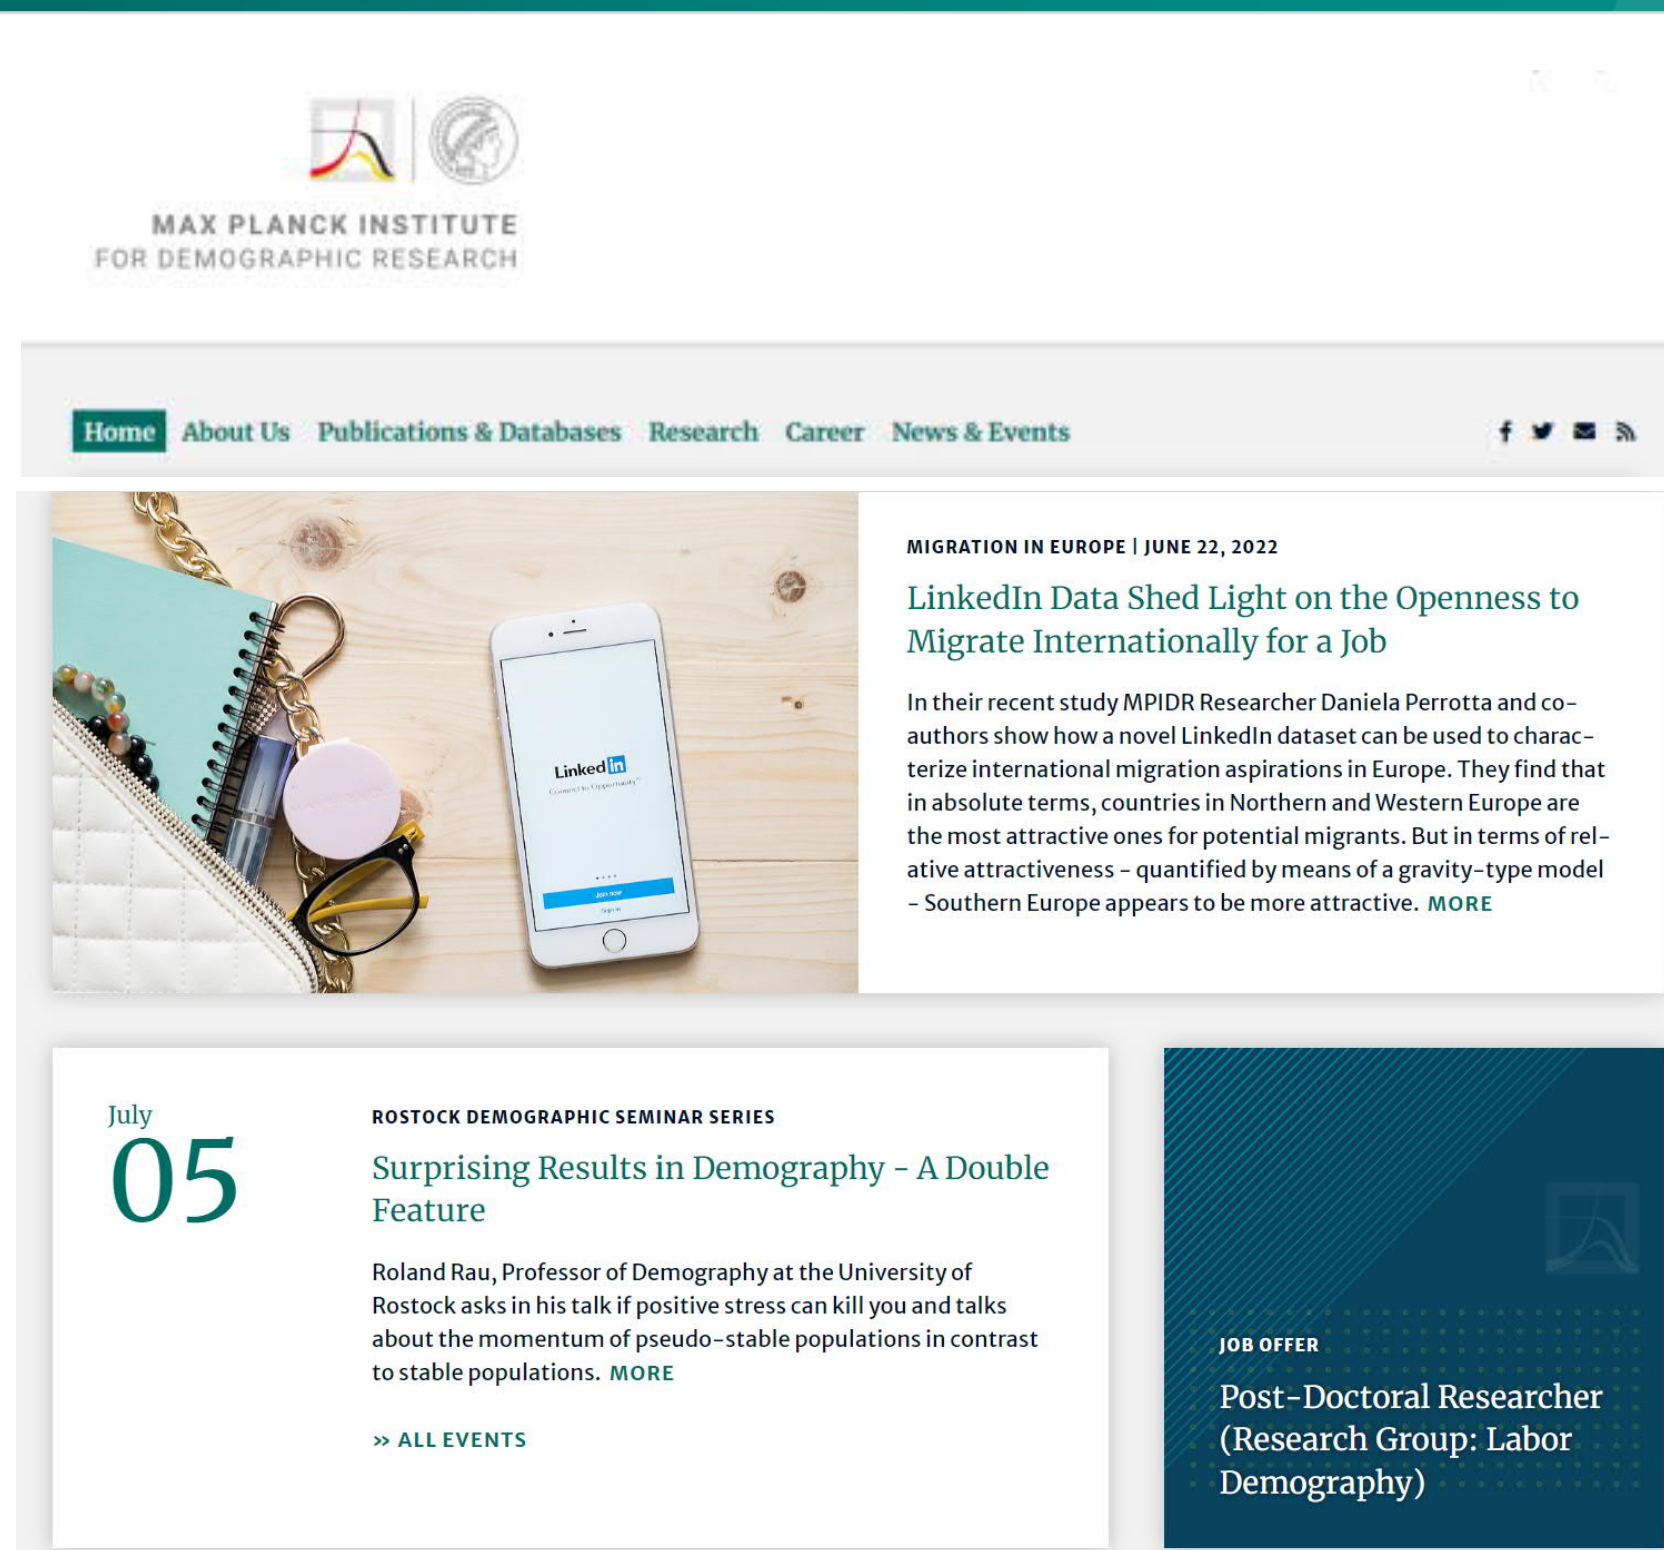

EAPS WORKING GROUP ON REGISTER-BASED FERTILITY RESEARCH

The working group aims to provide a platform for discussing fertility research based on register and other administrative data, and to facilitate networking opportunities among existing register data users, as well as for those with an interest in these data. It also offers a forum for discussing issues related to the access and content of these data. The working group promotes cross-country and cross-regional analysis, and aims at including researchers from different career stages. The working group is supported by EAPS and the Max Planck Institute for Demographic Research.

SUBMISSIONS DEADLINE: August 21, 2022
